Service.

Commencing from St. John, N.B., sailing thence to Halifax, N.S., and sailing thence to Georgetown, British Guiana, every fourteen days, following alternately the itineraries (a) and (b) given below:—

(a) Calling at the following islands:

Bermuda, St. Kitts, Antigua, Montserrat, Dominica, St. Lucia, St. Vincent, Barbados, Grenada and Trinidad, and returning from Georgetown to St. John, calling at Trinidad, Grenada, Barbados, Antigua, St. Kitts and Bermuda.

(b) Calling at the following islands:—

Bermuda, St. Kitts, Antigua, Barbados, Grenada and Trinidad; and returning from Georgetown, calling at Trinidad, Barbados, St. Vincent, St. Lucia, Dominica, Montserrat, Antigua, St. Kitts and Bermuda.

These itineraries may be subject to any change which may be mutually agreed upon between the Minister and the Contractors.

Ports of Call.

As above.

Speed Required.

Subsidy.

£70,000 (\$340,666.66) per annum, based on payments of £262 6 2 (\$13,102.56) for each complete round voyage, payable on the last day of each month.

Canadian Trade Commissioners.

To be carried free.

Mails.

To be carried free.

Intercolonial Railway Clause.

Included.

Freight charges from St. John to Halifax.

The Contractors are required at their own expense, when so required by consignors, to pay the freight charges by rail from St. John to Halifax on butter, cheese and fruit intended for shipment by the contractors' steamships.

Delay at Ports.

The Contractors must make every reasonable effort to avoid undue delay at Canadian or West Indian ports.

Development of Trade.

The Contractors must use their utmost endeavor to develop the cargo and passenger trade between Canada and the British West Indies by means of reasonable advertising and regular solicitation through agents.

Through rates of Freight.

The Contractors must use their best endeavors to arrange through rates of freight between inland points in Canada and the various ports of call referred to in this contract in the British West Indies and Central and South America.

Transfer by connecting lines.

As the design of this agreement is to give regular fortnightly communication both ways to all the ports previously mentioned, arrangements must be made for the transport of freight and passengers on all voyages south bound and north bound by transfer to the lines of the contractors' steamers conducting the insular service from and to Trinidad, and at the rates obtaining for the direct service.

No discrimination.

No discrimination of any kind as regards freight and passenger rates may be made in favour of any merchant, shipper or importer in any one of the British Colonies referred to herein, as against any other merchant, shipper or importer in the same Colony.

Through Bills of Lading.

Through Bills of Lading must be issued from any Canadian point of shipment to any port in Central or South America, which is a regular port of call for any of the steamships employed or controlled by the Contractors on other services, and which make regular connections with the service herein contracted for.

Contractors.

The Union Steamship Co., of New Zealand, Ltd.

Contract Dated.

January 15, 1911.

Duration of Contract.

August 1, 1911 to August 1, 1916.

Service.

Sailing every four weeks.

Ports of Call.

Vancouver, B.C., Victoria, B.C., Honolulu, in the Sandwich Islands, Suva in the Fiji Islands and Auckland, N.Z.

If required by the Minister, each voyage from Canada to New Zealand shall be extended to a port or ports in Australia.

Speed Required.

Duration of voyage is not to exceed 20 days, including one day's detention at Honolulu.

Subsidy.

£37,090 18s. 2d. per annum.

Provided that the contractors shall be entitled to receive such subsidy as the Governments of New Zealand and Fiji may pay towards the service; and also the Government of Australia, should the service be extended to that Commonwealth.

Deductions from Subsidy.

£30 are to be deducted from the amount of subsidy payable on each claim for every complete period of 24 hours by which the time occupied in conveyance of the mails between Auckland and Vancouver has exceeded 20 days.

Preference to Canadian Shippers.

No discrimination as regards freight or passenger rates is to be made against Canadian ports, railways, merchants or shippers. 1913-14.....	\$15,000
1914-15.....	15,000

Contractor.

William McLure, of Pietou, N.S.

Date of Contract.

March 10, 1909.

Duration of Contract.

From the opening of navigation in 1909 to the close of navigation in 1913.

Service.

Semi-weekly until the closing of navigation at Pietou each year. From such closing of navigation the service shall be continued from some port in Cape Breton to such port or ports in the Magdalen Islands as the Minister may approve, until the closing of navigation at the Magdalen Islands. Calls at Grand Entry need not be made after the end of September in each year.

Ports of Call.

Pietou, Souris, Amherst Island, Point Basse and Grindstone Island, calling at Etang du Nord and Grand Entry once each week; such weekly calls to be

made on alternate trips; calling once each month during June, July, August and September at Bryan Island. Whenever the weather will not permit of the landing of mails and cargo at Etang du Nord, the mails for House Harbour and Etang du Nord shall be landed at Grindstone Island, and the steamer shall remain there long enough to allow such mails to be carried to House Harbour and Etang du Nord and return. Calls shall also be made at such other ports or places as the Minister may from time to time direct.

Freight Rates.

A schedule of freight rates is attached to and forms part of the contract.

Subsidy.

SUPERVISION OF SUBSIDIZED STEAMSHIP SERVICES.

Vote 222.—Expenses in connection with the supervision of subsidized steamship services.

1913-14.	\$3,000
1914-15.	\$3,000

By Order in Council of April 10, 1912, Mr. W. E. Tupper, of Digby, N.S., was appointed Supervising Officer of Subsidized Steamship Services. His salary is \$1,800 per annum, and he is allowed the usual travelling and other contingent expenses.

The following is Mr. Tupper's report on the work done by him in 1912 and 1913.

DIGBY, N. S., January 1st, 1914.

F. C. T. O'HARA, Esq.,
Deputy Minister,
Trade and Commerce.

SIR.—As Supervisor of Subsidized Steamship Services I beg to submit my report on the services inspected in 1912 and 1913.

In 1912 I inspected 39 services, travelling 7,000 miles. In 1913 I inspected 41 services and travelled 7,500 miles.

In January, 1913, I proceeded to the British West Indies and British Guiana, inspecting the *S. S. Ocano* and *S. S. Oruro*, the two passenger steamers performing the Canada, West Indies and South America service.

These inspections necessitated a trip on every subsidized steamer over her route and embraced the following duties:—Condition of, and accommodation on, steamer and adaptability for route; importance of route; character of freight; facilities for handling passengers and cargo; inspection of tariff rates; accommodation for mails and inspection of life-saving apparatus.

Throughout my trips I found the services very well maintained, the close observance of contract calls at route ports being particularly gratifying. Considering the difficult and, in many cases, hazardous nature of several of the routes, the light tonnage of a number of the vessels employed, and the unfavorable weather conditions prevalent on many parts of the coasts of Nova Scotia, the Island of Cape Breton and the Bay of Fundy, especially during the autumn

4 GEORGE V., A. 1914

months, I am of the opinion that the faithful observance generally of the various contracts reflects credit not only on the contractors but also on the masters of the steamers, on whom the regularity and faithful performance of the services chiefly depend.

I have to report that on a few of the steamers the accommodations, sanitary arrangements, quality of food, etc., were not up to requirements. It is considered, however, that this may have been due to the fact that previous to the year 1912 no systematic inspection of subsidized steamers had been conducted and the contractors were ignorant of the requirements of the Department.

I consider it necessary, however, again to draw the attention of the Department to the unsatisfactory conditions existing in the steerage on a few of the steamers. These particulars, however, were drawn to the Department's attention from time to time, in detail, which led to a marked improvement in this respect. Attention is particularly drawn to the fact that the walls and floors of some steerage quarters are of wood, and while I am of the opinion that these accommodations receive reasonable supervision, they are, by reason of the nature of their construction, very unhygienic. With a view to materially improving the conditions it is recommended that the walls and ceilings of the steerage be metal eased and painted a light colour, and that the floors be covered with a waterproof composition.

I have the honor to be,

Sir,

Your obedient servant,

(Sgd.) W. E. TUPPER,
Supervising Officer.

The Canadian Pacific Railway Company, of Montreal, Que.

Date of Contract.

November 11, 1911.

Duration of Contract.

April 7, 1911 to April 6, 1913.

By Order in Council dated December 20th, 1913, authority was granted to pay to the British Government the usual contribution of £25,000 for the year ending April 6, 1914.

SESSIONAL PAPER No. 10e

Service and Ports of Call.

Subsidy is paid for a mail service every three weeks in the summer season, and every four weeks in the winter season, between Liverpool, Eng., and Hong Kong, China.

The mails are carried from Liverpool to Quebec or Rimouski in summer, and to Halifax or St. John in winter; thence by train to Vancouver; thence by ship to Hong Kong; and *via* the same ports in the reverse direction. The train and steamship services are to be conducted throughout as one continuous and complete service.

The contractors are to accept and deliver mails at each of the ports of call of the steamships employed, and at each of the places at which the mail trains shall stop or start.

On voyages in both directions between Vancouver and Hong Kong the mail ships shall call at Yokohama and Shanghai, and may also, at the option of the company, call at Victoria, Nagasaki, and Hiogo (Kobe), and at Amoy or other China ports.

Contract Time.

All mails conveyed under this contract shall be carried between Liverpool and Hong Kong, in either direction, within a total period of:—

818 hours *via* Quebec or Rimouski, and 853 hours, *via* Halifax or St. John

Mails between United Kingdom and Canada.

In addition to the services above described, the company shall, without further payment than the subsidy herein mentioned, convey by any of their steamships between the United Kingdom and Canada, any mails which may be tendered to them by the Postmaster General for conveyance between places on the routes of such steamships.

Canadian Trade Commissioners.

To be carried free.

No preference to Foreign Firms.

The company shall not, in relation to the conveyance of persons or goods by mail ships, give any undue preference to traders or other persons outside the United Kingdom and the possessions and dependencies of the British Crown.

Subsidy.

£ 45,000 per annum, payable quarterly, at the end of March, June, September and December in each year.

Of this subsidy, Canada pays £25,000, and Great Britain £20,000.

Deductions.

If a mail ship fails to put to sea from Liverpool or Hong Kong at the appointed day and hour, a deduction of £500 is to be made from the subsidy, and also a further sum of £100 for every successive 24 hours delay.

If the mails are not conveyed between Liverpool and Hong Kong in either direction within the times of transit hereinbefore mentioned, £100 shall be deducted from the subsidy for every 12 hours by which the contract time has been exceeded.

No deductions as in this clause mentioned shall be made if the company shall prove to the satisfaction of the Postmaster General that such default or failure arose from any cause or causes altogether beyond the control of the company.

Date of Contract.

February 9, 1912.

Duration of Contract.

From the opening of navigation, 1912, to the opening of navigation 1917.

Service.

Not less than 15 round voyages, or more than 30 round voyages, yearly between Canada and France, with not less than three of the following steamships:—

Scotian, Ionian, Lake Erie, Corinthian, Sicilian, Pomeranian and Sardinian.

The *Pomeranian* and *Sardinian* shall only be employed in the service upon obtaining the approval of the Minister therefor, and then only during the season of closed navigation in the St. Lawrence River.

Not less than three of the above steamships are to be employed, each of which shall not be less than 3,000 tons gross, with a carrying capacity of 4,500 tons for freight, and with such cold storage accommodation as the Minister may require.

From May to November, inclusive, in each year, there shall be run not less than two full round voyages each month, and during the remaining months of December to April, inclusive, the remaining voyages shall be performed.

Ports of Call.

Terminal ports in Canada:—

During the season of St. Lawrence navigation, Montreal or Quebec.

During the season of closed navigation on the St. Lawrence, Halifax or St. John, at contractor's option, subject to the approval of the Minister.

Ports of call in France, upon each eastbound or westbound trip:—Cherbourg or Havre, or both, at the option of the contractors. Each eastbound trip may be extended, at the option of the contractors, to a port or ports in Great Britain; provided that the first port of call after leaving Canada shall be a port in France, and that the last port of departure for Canada shall also be a port in France.

Speed required.

A minimum of 10 knots. The average speed of all the steamships engaged in the service in any one year shall not be less than $12\frac{1}{2}$ knots. And at the conclusion of each year's service, if the said average speed has not been attained there shall be a *pro-rata* deduction in the total subsidy for the year otherwise payable of \$555.55 per knot for each knot (and so in proportion for each fraction of a knot) less than $12\frac{1}{2}$ knots, such deduction to apply to each voyage of the steamships engaged in the service.

Subsidy.

\$5,555.55 for each round voyage completed at an average speed of 10 knots, and \$555.55 extra for each knot exceeding 10 knots; provided that the total amount of subsidy claimed or paid for each year's service shall not exceed \$200,000.

Subsidy is payable quarterly, in July, October, January and April.

The average speed of all the steamships engaged in the service in any one year shall not be less than $12\frac{1}{2}$ knots; and at the conclusion of each year's service, if the said average speed has not been attained, there shall be a *pro rata* deduction in the total subsidy for the year otherwise payable of \$555.55 per knot for each knot (and so in proportion for each fraction of a knot) less than said average speed of $12\frac{1}{2}$ knots, such deduction to apply to each voyage of the steamships engaged in the service.

Freight Rates.

The rates charged for freights to or from any Canadian port included in this contract shall not exceed the rates charged by regular passenger steamers of the same class to or from New York, Boston or Portland, and the Minister may at any time revise the rates if he deem it advisable.

No discrimination of any kind shall be made against Canadian merchants or shippers, who shall always have precedence for their freight and goods over all other merchants and shippers.

SOME CLAUSES COMMON TO ALL CONTRACTS.

NOTE.—Some of the principal sections common to all contracts, and as such hereinbefore frequently referred to, read as follows:—

Proof of Performance of Service to be Furnished.

‘The contractors shall furnish and establish at their own expense the necessary agents required for the efficient performance of this contract, and shall with diligence, as soon after the completion of each voyage as may be, furnish to the Minister full and complete copies of the manifests of the cargoes and lists of passengers carried on each voyage, duly certified by the proper officers of

SESSIONAL PAPER No. 10e

customs, and also such other documents, information and evidence as may be reasonably required by the Minister to show the volume, extent and value of the trade carried on by the said steamers, and the full performance of their part of the services, requirements and conditions of this contract, in order to enable him to judge as to whether the terms of this contract have been or are being fully and faithfully carried out and complied with, within the true intent and meaning thereof, and his decision in that respect shall be binding, final and conclusive; and the furnishing of such certificates, documents and evidence as hereinbefore specified shall be a condition, precedent to the payment of the subsidy herein provided for, or any portion thereof, and if in the opinion of the Minister, all the terms of this contract have not been fully complied with by the contractors he may deduct from the subsidy otherwise payable such portion thereof as he may deem fit and proper, taking into consideration all the circumstances connected therewith, and the contractors shall at all times during the continuance of this contract well and faithfully abide by and conform to all such requirements as may be made by the Minister with regard to the said steamers in the performance of this contract.

Financial Statements.

‘It is further understood and agreed that the contractors whenever so required shall furnish the Minister with such financial statement or statements as he may desire from time to time respecting all revenues derived from and all expenditures in connection with the conduct of the service herein provided for.

British Subjects.

‘It is further understood and agreed by the contractors, that two-thirds of the total number of officers, engineers, stewards, crew or other employees whatsoever upon the steamships engaged in the performance of the service herein contracted for, shall be British subjects, but the non-observance of this clause shall not constitute a violation of this contract in such individual cases as may from time to time be approved by the minister in writing.

Equipment of Steamers.

‘The steamers to be employed as herein specified, shall at all times during the continuance of this contract be fully seaworthy, well-officered, manned, victualled, equipped, provided and furnished, having regard to the service which the contractors have hereby undertaken to perform; and shall have ample and suitable accommodation for the passengers, mails and freight to be carried over the routes specified; and shall, at all times, carry boats and life-saving appliances in compliance with the law, and shall be in all respects subject to the approval of the minister.

Carriage of Mails.

‘The contractors shall during the performance of this contract, convey on each and every trip of the steamers performing the aforementioned services, both on outward and homeward voyages, all such mails as shall be tendered to the proper officers or persons in that behalf on the said steamers by or on behalf or under the direction of the postal authorities of Canada, or those at the terminal port or ports of call herein referred to, and shall deliver all such mails at their proper destinations at the terminal port or ports of call above referred to; and the expenses of carrying such mails from the post offices or railway stations to the steamers and from the steamers to the post offices or

railway stations at the terminal ports and at the ports of call shall be borne by the contractors, who will be subject to all general and special regulations now or hereafter existing during the continuance of this contract in connection with the postal service. For the conveyance of all such mails no payment shall be made or required over or beyond the amount of subsidy herein mentioned or provided for.

Accommodation for Mails.

'The said steamers shall be provided with sufficient and convenient accommodation and protection for all such mails, to the satisfaction of the Honourable the Postmaster General of Canada for the time being, and the contractor shall further take all reasonable and necessary precautions for the protection of such mails while upon the said steamers or while in the contractor's charge or custody, from loss, damage or injury, in any way, and the contractors shall be responsible for any loss or damage thereto caused by negligence or want of proper care or accommodation on the part of the contractors, their agents or servants or on the part of the officers, employees or crew on board the said steamers, and this without regard to any question as to the legal liability of the Postmaster General to the owners of the articles of mail matter contained in such mails for damage or loss sustained in transit.

Definition of term 'Mails.'

'The expression "mails" for the purpose of this contract shall be deemed to mean and include all boxes, bags, baskets or packets of or containing letters, post cards, newspapers, parcels, books, or printed papers, and all other articles which under the Post Office Act and postal regulations for the time being in force are transmissible by post in Canada, without regard to place either of origin or destination, and also all empty bags, empty boxes and other receptacles, stores and articles used or to be used in carrying on the post office service, or which shall ordinarily be sent by or to or from the post offices.

No Letters except H. M. Mails to be Carried.

'The contractors shall not, nor shall any of their agents or servants, or officers or crew of the said steamers receive or permit to be received on board of the said steamers any letters for conveyance other than those contained in His Majesty's mails, or which are or may be privileged by law, nor the mails of any other country, except such as are specified by the Postmaster General of Canada for the time being.

Government Officials to be Carried free of Charge.

The Honourable the Postmaster General of Canada, or the Honourable the Minister of Trade and Commerce for the time being, or any inspector or officer of the Post Office Department or of the Department of Trade and Commerce, who may in the execution of his duty travel in the said steamers, shall be carried free of charge.

Proper Accounts to be Kept.

The contractors shall keep full and proper accounts of and in connection with the working of this service, and shall keep such accounts separate and distinct from any other accounts of or connected with other branches of their business; and in any contingency which, in the opinion of the minister, may

SESSIONAL PAPER No. 10e

render such a course necessary, the contractors shall allow any officer or officers named by the minister free access to such accounts and all books, papers and documents connected therewith.

Substitutes for Disabled Steamers.

It is understood that if the said steamer shall be by peril of the sea or other unavoidable casualty, lost, destroyed or temporarily disabled from performing the voyages herein agreed to be performed according to the true intent and meaning of these presents, the contractors may in such case as soon as reasonably may be, having regard to the circumstances, replace the said steamer by another of equal class, speed, equipment, character and capacity to the satisfaction and approval of the minister in case the said steamer has been only temporarily disabled, and continue the service herein contracted for with such substituted or repaired steamer with as little delay as possible under all circumstances.

Freight and Passenger Tariffs—Proof of Performance of Service to be Furnished.

The contractors shall carry on each steamer running under this contract, according to its capacity, on all voyages, all the freight and passengers which may be reasonably offered or obtained, and at tariff rates, both as to passengers and freight, which may be from time to time approved by the minister; and the contractors shall furnish to the minister such documents, information and evidence as may be required by the minister, to show the volume, extent and value of the trade carried on by the said steamer, and such customs certificates, documents and evidence as may be necessary or as may be required by the minister to prove the performance of the service herein contracted for, and to enable the minister to judge as to whether this contract is being carefully and faithfully carried out and performed and the furnishing of such certificates, documents, information and evidence, as hereinbefore specified, shall be a condition precedent to the payment of the subsidy herein provided for or any portion thereof.

Deductions from Subsidy—Time-tables to be furnished—Docking Disabled Steamers.

Provided, however, that it is the true intent and meaning of these presents that no amount or instalment of subsidy shall be payable or be paid at any time, unless it appears to the satisfaction of the Minister that up to the time of such instalment becoming due, as herein stipulated, the service herein described and defined has been fully and faithfully performed, and that all provisions and stipulations as to freight and freight rates and dates of sailing have been in all respects faithfully observed and carried out, according to the true intent and meaning of these presents; and it is understood and agreed to be a further condition of these presents that the contractors shall at least two weeks prior to the first sailing under this contract furnish to the Minister time-tables showing the proposed sailings, and upon the same being approved by the Minister, they shall be duly advertised in such manner as he may direct; and it is also agreed that in case either of the steamers herein named, or a substituted steamer sanctioned by the Minister, does not sail from a terminal port as herein specified within _____ of the date fixed by such time-tables, there shall be deducted from the amount of subsidy payable for such voyage a sum equal to one-tenth of the amount otherwise payable for the performance of such voyage, and so in proportion for further delays or failure to sail from such terminal port. Provided, however, that the Minister may authorize any vessel to sail either at an earlier or a later date than that specified in such time-tables should he for any reason deem it advisable to do so; it being under-

stood and agreed that, in the event of any of the said steamers being at any time so disabled as to be obliged to be docked for repairs, the failure to perform the terms of this contract owing to such accident and for the time reasonably occupied in the repair of the damaged steamer, shall not be taken as a default or breach of the stipulations of this contract, or subject the contractors to deductions as above from the amount of the subsidy, if any, payable for any voyage delayed in consequence of such docking for repairs, but there shall be no claim for nor payment of any subsidy in respect of any voyage not actually performed.

Freight and Passenger Rates to be Approved by the Minister.

'The contractors shall at least three weeks prior to the first sailing under this contract, furnish to the Minister a schedule of the freight rates proposed which schedule shall be subject to the approval of the Minister, and after being approved by him shall not be changed except with his consent; and the Minister may at any time, if he deem it advisable, fix the maximum rates to be charged between the different ports, on both east and westbound trips, on any article or class of goods, and the contractors shall carry between the ports hereinbefore named, on all voyages of the said steamships employed under the terms of this contract, all passengers or freight that may be offered or that can reasonably be procured, at rates which shall not be in excess of such maximum rates as fixed by the Minister, should he deem it advisable to so fix such maximum rates, and in no case shall any discrimination be made as regards rates, or otherwise, directly or indirectly, against Canadian merchants, or shippers, who shall always have precedence for their freight and goods over all other merchants and shippers; and it is agreed and understood that the freight rates on east-bound trips, sailing from or as hereinbefore provided, on through bills of lading to from any place in the provinces of Ontario and Quebec, or from any Canadian points farther west, shall in no case be greater than from the same place to via any United States route or port; and on west-bound trips the rates from to any place in Ontario or Quebec, or other Canadian points farther west, shall be as favourable as via any United States route or port to the same place; and it is further understood and agreed that the said steamers shall not carry between the ports of or and aforesaid, on any voyage run under the terms of this contract, either deals or lumber or timber to a greater extent than fifty per cent of the total quantity of the cargo carried on such voyage and such quantity only in case other Canadian products are not offering or cannot be obtained. Provided, however, that in the event of other cargo not being obtainable, satisfactory evidence of that fact being furnished to the Minister, then the contractors shall be allowed to make up the balance of the cargo with deals, boards or timber.

Calls at Foreign Ports.

'The steamer employed in carrying out the provisions of this contract shall not on any of its trips call at any foreign port not specified in this contract.

Carriage of nitro-glycerine or dangerous articles.

'The contractor shall not convey or permit to be conveyed in any steamer while employed in this service any nitro-glycerine or any other article which in the opinion of the Minister shall be considered dangerous.

SESSIONAL PAPER No. 10e

Subsidy subject to vote of Canadian Parliament.

'It is conditioned, declared and agreed that the payment of subsidy, as hereinbefore stipulated, is subject to the amount specified being provided for the purpose by a vote of the parliament of Canada, and that if no amount is voted for the purpose, or if any amount voted has become exhausted in payment thereof, and no further sum is voted for the purpose, this contract or agreement shall terminate and become void and of no effect, and the party of the first part shall not in consequence be held liable to damage.

Minister's right to terminate contract.

'It is declared to be the true intent and meaning of these presents, that the Minister shall have the right at any time during the continuance of this contract, upon 30 days' notice in writing to the contractors, their successors or assigns, to terminate this contract, and every matter and thing herein contained, if it shall appear to the Minister that there has been any breach on the part of the contractors, their successors or assigns, of any of the covenants, agreements, stipulations or provisions herein contained and entered into on the part of the contractors; and it is declared and agreed that the Minister shall at all times be the sole and final judge as to whether there has been any such breach, and his decision shall be absolute, final and conclusive.

Assignment of contract.

'This contract shall not, nor shall any right or interest therein be assigned without the consent in writing of the minister to such assignment having been first obtained.

Canadian members of parliament not admitted to share in contract.

'It is a condition of these presents that no member of the House of Commons of Canada shall be admitted to any share or part of this contract or agreement nor to any benefit to arise therefrom.

Changes in contract.

'The minister may authorize any change or changes in the terms of this contract as may not be inconsistent with the vote providing for the payment of the subsidy.

Minister to be final judge as to full carrying out of contract.

'The minister shall at all times be the judge as to whether the terms of this contract have been or are being fully and faithfully carried out and complied with within the true intent and meaning thereof, and his decision in that respect shall be binding, final and conclusive.

Transportation of Trade Commissioners.

(Inserted in contracts for ocean services.)

The Canadian Trade Commissioners and their wives, children and servants, or Canadian Commercial Agents, shall be granted free transportation, meals included, with first class accommodation and free transportation for their household effects, upon any steamships employed by the Contractors in the perform-

ance of this Contract when requested so to do by the Minister, and when the said Commissioner or Commercial Agent is travelling upon his official duties or being transferred from one official post to another.

Intercolonial Railway Clause.

(Inserted in contracts for Atlantic ocean services.)

It is hereby agreed by the Contractors that as the aid herein expressed and provided for by the Canadian Government is for the express purposes of encouraging the development of Canadian trade and the transportation of Canadian goods through Canadian channels, the Company accepts the aid on these conditions and agrees that all freight booked or carried by the said steamships from a port in the United Kingdom and during the time these make Halifax or St. John their terminal port, shall, when not otherwise expressly routed by shippers or consignees, be delivered to the Intercolonial Railway at Halifax or St. John for shipment to final destination in Canada, provided that the rates demanded by the Intercolonial Railway shall not be in excess of the rates charged by any other Railway Company from said ports to final destination in Canada.

(a) Contractors are to hand over to the Intercolonial Railway at Halifax passengers for points in the Maritime Provinces or the Province of Quebec, providing the route of such passengers is controlled by the Contractors and that they are not otherwise routed. It is further agreed that the Contractors through their agents in Canada shall see that they have all such freight for export as may be secured by them for a port in the United Kingdom at which the subsidized line may call delivered to the Intercolonial Railway at Montreal.

Calls at Government Wharfs.

(Inserted in contracts for local services).

In consideration of the subsidy herein stipulated the Contractors agree to call at all Government wharfs when such is practicable and when such wharves are available.

SESSIONAL PAPER No. 10f

COINAGE, WEIGHTS AND MEASURES.

To assist in arriving at a comprehensive understanding of the value of foreign currencies, weights and measures (as expressed in foreign trade returns, tariffs, &c.) as compared with those of Canada, tables have been prepared as follows:—

As regards those of Canada, the law provides that the denominations of money in the currency of Canada shall be dollars, cents and mills, the cent being the one hundredth part of a dollar, and the mill one-tenth part of a cent.

That—The currency of Canada shall be such that the British sovereign (the pound sterling) of legal weight and fineness, shall be equal to four dollars eighty-six cents and two thirds of a cent.

In like manner the law provides as respects weights, that the unit shall be the standard pound (avoirdupois) of 7,000 grains, one-sixteenth part of the standard pound shall be an ounce ($137\frac{1}{2}$ grains) one hundred pounds a cental, and two thousand pounds a ton, and that four hundred and eighty grains shall be an ounce troy, or 5,760 grains a pound troy.

As regards measures—That the unit or standard measure of capacity, as well for liquids as for dry measures, shall be the gallon containing ten standard pound weight of distilled water weighed with the water and air at a temperature of sixty-two degrees Fahrenheit, with the barometer at thirty inches, that the quart shall be one fourth part of the gallon, and the pint one-eighth part of the gallon, and that eight gallons shall be a bushel.

This gallon commonly known as the 'Imperial gallon' contains 277.274 cubic inches, or 353.036 cylindrical inches.

The standard measure of length is the yard, one-third part of which it is provided shall be a foot, and the twelfth part of such foot shall be an inch.

In many countries the Metric system of weights and measures has been adopted. A separate table of Canadian equivalents of these is given in order to avoid repetition, the word 'Metric' being used in the general table in each case where the system is in vogue, as indicating a reference to that table.

The equivalent value of the monetary unit can only be given as respects those countries having a gold standard. Where silver is the standard, the value of the currency necessarily fluctuates correspondingly to the market value of silver bullion, and were any attempt made to quote the value of such currency it would, under present circumstances, be misleading, therefore, the weight in decimal parts of an ounce with the fineness of the coin is given instead, which will enable any one to approximate the value of the currency according to the current value of fine bar silver. As an example, say fine bar silver at 75 cents an ounce, the Bolivian dollar weighs .801 of an ounce, its fineness is .900, therefore $75 \times .801 = 60.075$ which $\times .900 = 54.0675$, or a small fraction over 54 cents, and the actual intrinsic value of the pure silver contained in the coin, to which should be added a reasonable allowance to cover the value of the alloy, the cost of the coinage, and in some instances exchange, the aggregate of which would be approximately the current value in Canadian currency of the dollar in question.

Unless carefully noted, the quotations as usually given of the current value per ounce of silver may be misconstrued and lead to misapprehensions, as it is sometimes quoted per ounce *fine*, and sometimes per ounce *standard*: thus for instance on a certain day the London quotation read 'fine silver per ounce standard 32d.,' while on the same day it is quoted in New York '69½ cents per ounce fine:' as 32d. is equal to a fraction over 64½ cents, there would appear a difference of about 4½ cents per ounce between the two prices, the New York price appearing that much in excess of the other, were it not noticed that one is based upon *standard* fineness and the other upon *absolute* fineness, but by reducing the New York 'fine' to London 'standard' (of .925 fine, 441 grains fine to the ounce) the actual difference between the two quotations is found to be only about ½ of one cent per ounce, the London price being that much in excess of the New York.

To reduce the value of *standard* or sterling silver when expressed in pence to *fine* expressed in cents, multiply the pence and decimal parts thereof by 2·192.

To find the *standard* or sterling value expressed in pence and decimal parts thereof when *fine* is expressed in cents multiply the cents by 0·4562.

* Old weights and measures some times used. The values in Chinese Imperial Customs Returns are always given in Haikwan taels, which are relatively in value equal to about 1 1/3 Shanghai taels. The tael is in reality not a standard of value (there is no such coin), but of weight, and when used in the sense of a value it only represents its weight in gold or silver, as the case may be, the real difficulty is to establish its exact equivalent in grams. Authorities differ greatly, as also does the practice in different sections of China. The Chinese are far from being exact, and the probability is that there exists a standard, and a further probability that it is equal to 10 Japanese monmes, or 579 7/9 grams, which figures have been used in computing the value as above. It will be observed, however, that these figures fall short about 3 63 grams from the weight used (say 1 1/2% per tael) in dealing with the weights, other than those of gold and silver. Usually reckoned same as Chinese Tael of 133 1/3 lbs. This is long measure. Cloth measure is 2 1/2 greater in length than long measure. Therefore, by cloth measure 1 sim 1 4916 in. 1 shaku 14 916 in. and 1 jo 1 49 16 in.

TABLE of Constant Factors, which multiplied by the current value per ounce of silver either pure or standard as the case may be, will give the value of the silver contained in the coin referred to, to which if there be added a small percentage to cover the value of the alloy and the cost of coinage, the aggregate will equal the intrinsic value in Canadian currency of the coin in question.
